Original Sheet No. 1

RULES AND REGULATIONS

Additional Rules and Regulations: These Rules and Regulations are in addition to the Kentucky Public Service Commission rules as of October 23, 1985.

Application for Service: Each prospective customer desiring water service is required to sign the District's Standard Water Service Contract before service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. If service is desired on the same side of the road as the water main, the meter shall be installed within five feet of the water main. If service is desired on the opposite side of the road from the water main, the service line will be run under the road and the meter installed on private property adjacent to the highway right of way. If the distance from the main to either side of the road is greater than 50 feet, the customer will be required to pay the cost of installing the pipe for the additional footage. A contribution in aid of construction as provided in the Schedules of Rates and Charges must be paid on all new connections to the existing water line. Applications for service connection installation will not be processed if the applicant is indebted to the District on a past due bad debt, account, or in any other fashion whatsoever. Extensions to the utility main shall be in accordance with 807 KAR 5:066.

Billing: Bills will be rendered monthly and shall be paid within ten (10) days from date of bill at the Office of District. Failure to receive bill will not release customer from payment obligations. Should bills not be paid as above, the District may at any time subsequent to twenty (20) days after the mailing date of the original bill, and upon at least forty-eight (48) hours written notice, discontinue service. Said termination notice shall be exclusive of and separate from the original bill. If, prior to the discontinuance of service, there is delivered to the District office payment of the amount in arrears, then discontinuance of service shall not be made, or as to residential services where a written certificate is filed, signed by a physician, a registered nurse or a public health officer stating that in the opinion of the person making certification, discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the District's notification. Bills paid on or before the final date of payment shall be payable at the net rates, but thereafter the gross rates shall apply as provided in the Schedule of Rates and Charges. Should the final

RULES AND REGULATIONS

date for payment of the bill at the net rates fall on a Sunday or holiday, the business day next following the final date will be held as a day of grace for delivery of payment.

~~Deposit: A deposit equal to approximately 2/12 the average monthly water bill may be required of any customer before water service is supplied. The District may at its option return the deposit plus six percent (6) annual interest to the customer after one year. Upon termination of service, deposit and interest may be applied by the District against any unpaid bills of the customer, and if any balance remains after such application is made, said balance shall be refunded to the customer. Upon demand by the customer, the District will pay or credit bill of customer with interest at the end of each year from date of deposit, providing demand is made by the customer for payment or credit. In the absence of such demand interest continues to run, but the District may voluntarily credit the bill with interest.~~ *C4-95*

Discontinuance of Service by District: District may refuse to connect or may discontinue service for the violation of any of its Rules and Regulations or for violation of any of the provisions of the Schedule of Rates and the Charges, or of the customer service contract. District may discontinue service to customer for the theft of water or the appearance of water theft devices on premises of customer. The District shall not be required to restore service until the customer has complied with all rules and regulations of the Commission and the District has been reimbursed for the estimated amount of the service rendered and for any cost incurred by reason of the fraudulent use. All discontinuance of services is subject to the Notice Requirements of 807 KAR 5:006.

Termination of Contract by Contract: Customers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days written notice, or in person, to that effect, unless contract specified otherwise.

Point of Delivery: The point of delivery is the point where the meter is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer.

Customer's Service Line: All service lines beyond the metering point shall be installed of material consisting of copper, galvanized, or PVC pipe with rating of not less than CL. 200. The size of service line beyond the point of delivery should not be less than 3/4"; however, a larger size may be needed to provide adequate service. If the customer's point of use is at a

RULES AND REGULATIONS

higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the point of delivery.

Non-Standard Service: Customer shall pay the cost of any special installation necessary to meet his peculiar requirements for service other than standard water tap.

Additional Load: The service connection supplied by the District for each customer has a definite, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, may render the customer liable for any damage to any of the lines of District or equipment caused by the additional or changed installation, as determined by a court of law having jurisdiction.

Notice of Trouble: Customer shall notify the District immediately should the service be unsatisfactory for any reason, or should there be any defects, trouble or accidents affecting the supply of water. Such notices, if verbal should be confirmed in writing.

Interruption of Service: The District will use reasonable diligence in supplying water service and shall make effort to notify affected customers in the event of a service interruption and approximate time of service restoration.

Right of Access: The customer must agree to permit the District to lay, maintain, repair or remove such water lines which is the property of the District located on the customer's property with the right of ingress and egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Dept. bearing proper credentials and shall be permitted to enter upon all property for the purpose of inspection, observation, measurement, sampling and testing, in accordance with the provisions of the Rules and Regulations.

Relocation of Water Facilities: District may, at the request of customer, relocate or change existing District-owned equipment. Customer must reimburse District for such changes at actual cost.

Damage to District's Water System: No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to discontinuation of water service and shall pay the cost of repairing or replacing the

RULES AND REGULATIONS

pipe or appurtenances as may be determined by a court of law having jurisdiction.

Bill Adjustment: In conformity with 807 KAR 5:006, Section 9 of Commission regulation, whenever a meter is found upon periodic request or complaint test to be more than two percent (2%) fast or two percent (2%) slow, then the customer's bill will be recomputed for the period in which the meter error occurred. If the period in which the meter error existed is unknown, then the bill will be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no case to exceed twelve (12) months. When a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be given written notification of the date, location, and results of the test, as well as the amount to be deducted from or added to his regular bill.

Fire Hydrants: The District will contract with fire protection districts, volunteer fire departments, developers and others to install and maintain fire hydrants and supply water for fire protection; provided, however, that such users cannot use pumps to pull water from the hydrants, and use of hydrants be strictly limited to authorized periodic drill purposes and emergency fire fighting use only.

Purchased Water Adjustment Clause: The District will implement upon PSC approval a purchased water adjustment designed to recover the increased costs of water purchased due to the fact that the District is not financially able to absorb the increased costs from its supplier.

Revisions: These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by two (2) following methods;

1. By order of the Public Service Commission upon formal application by the District, and after hearing, as provided by Commission regulation set forth in 807 KAR 5:011.
2. By issuing and filing on at least twenty (20) days notice to the Commission and the public all proposed changes in the Rules and Regulation, as provided by Commission regulations set forth in 807 KAR 5:011.

Conflict: In case of conflict between any provisions of any rate schedule and the Schedule of Rules and Regulations, the rate schedule shall apply.

Scope: This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all

SCHEDULE OF SPECIAL SERVICE CHARGES

The following charges for special services shall be made:

1. Service Connection Charge: A charge of \$15.00 shall be made for all service reconnections made during regular working hours, except that there shall be no connection charges made for service on the original installation of meter. If service is reconnected other than during regular working hours, the charge shall be \$20.00.
2. Delinquent Service Charge: A charge of \$15.00 shall be made for a trip to disconnect a delinquent account. A reconnection charge of \$15.00 shall be made if reconnected during regular working hours. If reconnected after regular working hours, the charge shall be \$20.00. If a meter is pulled due to a customer being delinquent, a charge of \$30.00 shall be charged for re-installing meter.
3. Meter Reading Recheck Charge: A charge of \$25.00 shall be made for a trip to recheck a meter reading when the customer requests the meter to be rechecked for a correct reading and the meter was not misread.
4. Meter Test Request: Upon request and payment of \$17.50 a customer may have his meter tested provided request by the customer is not more than once each twelve months. If such test shows the meter to be more than two percent fast, a refund of the \$17.50 charge shall be made and the bill adjusted accordingly.
5. PSC Meter Test Complaint: Any customer of the District may request a meter test by written application to the Commission.
6. Service Investigation Charge: A charge of \$25.00 per trip shall be made for service investigation during regular working hours if interruption of service is not caused by failure of District's facilities. The charge for investigation after working hours will be \$30.00 per trip. Any maintenance and repair of facilities beyond District's facilities point is the responsibility of the customer.
7. Contribution in Aid of Construction: The established contribution fee is based on the size of metering equipment required as noted below.

DEPOSIT'S

The District may require a minimum cash deposit or other guaranty to secure payment of bills

Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460 will be paid annually by refund to the customer except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The District may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

In determining whether a deposit will be required or waived, the following criteria will be considered:

APR 13 1995

1. Previous payment history with the District. If the customer has no previous history with the District, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been

located in the area.

4. Whether the customer owns property in the area.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non residential customer the District may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

Upon the payment of such deposits, the District shall issue to such customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit.

EXTENSION OF SERVICE

The extension of new water service shall fall under one of the following three options:

OPTION 1 - Service extensions in accordance with 807 KAR 5:066 Section 12.

OPTION 2 - Designed specifically for subdivision development, this option provides water service to developing subdivisions through the Water District and the land developer in accordance with the following:

DEVELOPERS PROCEDURES AND REQUIREMENTS

- 1) The developer shall meet with a representative of the Water District to discuss the location of the development, the lines in the area, pressure, etc.
- 2) The developer is to submit a plan layout showing lines and easements to be dedicated to Water District for their review.
- 3) The plans are to be prepared by a licensed professional engineer.
- 4) The Water District will write a letter to accompany the developer's plans to the Division of Water -stating that they are aware of the project and will accept the lines into their system for operation and maintenance. The developer is hereby made aware that he is responsible for a \$150.00 filing fee required by the Division of Water.
- 5) After approval by the state, the Water District is to be notified of the construction date so that the district can monitor construction, check pipe, etc.
- 6) When the project is finished, the Water District is to be notified when pressure testing and disinfection are to be performed.
- 7) The developer shall provide a written certification by a licensed professional engineer to the Water District that work was completed in accord with the plans and specifications and a final plat showing any changes in location, etc., if there were any changes.

Additionally, the following agreement shall be signed and dated by both the developer and the Water District representative.

AGGREEMENT

THIS AGREEMENT made and entered into this ____ day of _____, _____, by and between the ADAIR COUNTY WATER DISTRICT, hereinafter called the "DISTRICT", and _____ of _____, Kentucky, hereinafter called in "DEVELOPER", whether one or more,

WITNESSETH:

WHEREAS, the District is engaged in the transmission and sale of potable water; and WHEREAS, the Developer is the owner of real property capable of being sub-divided, or is a potential customer of the District within an area which has been sub-divided and has no public water service; and

WHEREAS, the District desires to serve the Developer with water and the Developer desires to receive such water service, but the District has not the funds, equipment or manpower to lay and construct lines to serve the Developer;

NOW, THEREFORE, THE PARTIES AGREE:

1. The Developer shall prepare and submit plans for the construction of water transmission lines, which shall comply with the regulations of all responsible agencies of the Commonwealth of Kentucky at the cost of the Developer. Said plans shall be prepared in consultation with, and approval of the manager of the District and shall comply with the specifications, and rules and regulations established by the District. After approval by the appropriate state agencies, said plans shall be submitted to the commissioners of the District for consideration of approval.

AGREEMENT CONT'D.

2. The Developer shall construct the water transmission lines and their required fixtures and appurtenances at its sole cost, subject to the right of the District to inspect said construction at any and all times. Inspection by the District shall not be an undertaking by the District of any supervision of construction, but upon evidence of failure to comply with the specifications, the District may notify the Developer to halt construction of the project until deficiencies are remedied, and the Developer shall immediately halt construction until the deficiencies are remedied.

3. The Developer shall obtain and provide all necessary easements, licenses or permits for right-of-way required for the transmission lines at no cost to the District and in the name of the District.

4. The Developer shall prepare a statement of construction cost upon completion and deliver the same to the District where it shall be open to public examination.

5. Upon completion of construction and acceptance by the District, the Developer shall relinquish any and all control over the water lines covered by this Agreement and the District shall thereafter be responsible for maintenance of the extended system and said water system shall immediately become an asset of the District.

6. The Developer is responsible for a one year warranty period on the water line, valves and all appurtenances, which warranty will be for the benefit of the Adair County Water District. The Developer will reimburse to the District the cost of any repairs incurred by the District during this period. The warranty period will begin upon acceptance of bacteriological test and will extend for a period of one year from that date.

AGREEMENT CONT'D.

7. A Developer desiring an extension to be installed in a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of ten (10) years, the utility shall refund to the Developer who paid for the extension a sum equal to the cost of fifty (50) feet of the extension installed for each new customer connected during the year whose service line is directly connected to the extension installed by the Developer and not to extensions or laterals therefrom. The amount of cost of 50 ft. of extension refunded to the developer shall be defined as the total cost of the extension (as submitted in item 4 above) divided by the total footage of the extension multiplied by 50. The total amount refunded shall not exceed the cost to the Developer. No refund shall be made after the ten-year period expires.

8. The Developer shall notify the District when construction is complete, including all construction clean-up, bacteriological approval and pressure testing. The District will accept possession of the water transmission line for the purpose of meter installing and serving customers and general maintenance; and the Developer shall convey the title to all water transmission lines, their appurtenances, to the District, its successor and assigns, with covenants that there are no liens or encumbrances on said lines.

FOR THE PUBLIC SERVICE COMMISSION

WATER SHORTAGE RESPONSE PLAN

ADAIR COUNTY WATER DISTRICT

Section 1. Purpose. The purpose of this plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the Adair County Water District in the event a shortage is declared.

Section 2. Definitions. These terms are applicable only for this plan unless specifically noted.

- (a) "Customer" shall mean any person or entity using water for any purpose from the Adair County Water District water distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash charge is made at the site of delivery.
- (b) "Raw Water Supplies" shall mean all water potentially available to persons in the Adair County Water District
- (c) "Treated Water" shall mean water that has been introduced by the Adair County Water District into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Essential Water Uses (Class 1):

The following uses of water, listed by site or user type, are essential.

Domestic:

- water necessary to sustain human life and the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including related filling and operation of swimming pools.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

Water Hauling:

- sales of domestic use where not reasonably available elsewhere.

AUG 11 2001

Public Use:

PURSUANT TO 807 KAR 5.011,
SECTION 9 (1)
BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

- firefighting,
- health and public protection purposes, if specifically approved by health officials.

Socially or Economically Important Uses (Class 2):

The following uses of water, listed by site or user type, are socially or economically important.

Domestic:

- personal, in-house water use including kitchen, bathroom and laundry.

Water Hauling:

- non-domestic, when other sources are not reasonably available elsewhere.

Commercial and Civic Use:

- commercial car and truck washes,
- Laundromats
- restaurants, clubs and eating places.
- schools, churches, motels/hotels and similar commercial establishments.

Outdoor Non-Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,
- watering by arboretums and public gardens of national, state, regional or community significance where necessary to preserve specimens,
- watering by commercial nurseries at a minimum level necessary to maintain stock,
- watering at a minimum rate necessary to establish or maintain revegetation or landscape plantings required pursuant to law or regulation,
- watering of woody plants where necessary to preserve them,
- minimal watering of golf course greens.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

AUG 11 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

Recreational:

- operation of municipal swimming pools and residential pools that serve more than 25 dwelling units.

Air Conditioning:

- refilling for startup at the beginning of the cooling season,
- makeup of water during the cooling season,
- refilling specifically approved by health officials where the system has been drained for health protection or repair services.

Non-Essential Uses (Class 3):

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills,
- flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials.

Commercial and Civic Use:

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

AUG 11 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Stephan O. Bell
SECRETARY OF THE COMMISSION

- serving water in restaurants, clubs, or eating places, except by customer request,
- failure to repair a controllable leak,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental Purposes:

- fountains, reflecting pools and artificial waterfalls.

Outdoor Non-Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,

- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Outdoor Commercial or Public Watering:

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping except when required by a site design review process,
- use of water for dirt control or compaction,
- watering of lawns, parks, golf course fairways, playing fields and other recreational areas,

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

AUG 11 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Stephan O. Bell
SECRETARY OF THE COMMISSION

- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Recreational uses other than those specified in Class 2.

Non-commercial washing of motor and other vehicles.

Air Conditioning (see also Class 2 purposes):

- refilling cooling towers after draining.
- (d) "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.
- (e) "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.
- (f) "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(g) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

"Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious exist in the area.

(h) "Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

Section 3. Applicability. The provisions of this plan shall apply to all retail wholesale customers of the Adair County Water District when implemented, this plan becomes Adair County Water District Water Shortage Response Regulation.

Section 4. Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the Adair County Water District.

Section 6. Term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the manager of Adair County Water District.

Section 7. Water Shortage Stage, Criteria, Conservation, and Curtailment Measures.

PUBLIC SERVICE COMMISSION
OF KENTUCKY A.
EFFECTIVE

Advisory Stage:

- (1) Criteria: A water advisory shall be declared when the amount of treated water or raw water available for treatment is projected to be up to the demand amount, or there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies or the State Division of Water issues a Water Shortage Watch which includes

AUG 11 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

the areas from which the Adair County Water District draws water. (Note: Additional conditions may be added based on local conditions.)

(2) Conservation and Curtailment Measures:

- (a) Declare a Water Shortage Advisory.
- (b) Provide proper notice to all customers and to all local new media.
- (c) Eliminate all water leaks.
- (d) Request voluntary conservation of all non-essential (Class 3) water use.
- (e) Request wholesale customers also issue request for voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

- (1) Criteria: A water alert shall be declared when the amount of treated water available is projected to be up to 10% below demand, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

(2) Conservation and Curtailment Measures:

- (a) Declare Water Shortage Alert.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3) water uses.
- (e) Curtail entitlements to all customers by the same percentage as the projected shortage.
- (f) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$3.00 per 1,000 gallons.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

AUG 11 2001

PURSUANT TO 807 KAR 5.011,
SECTION 9 (1)

BY: Stephan O. Bell
SECRETARY OF THE COMMISSION

C. Emergency Stage:

1. Criteria: A Water Emergency shall be declared when the amount of treated water available is projected to be up to 20% below demand, or there are periods of no water in one or more areas of the distribution system due to low water supply or raw water supplies below the level

necessary to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

2. Conservation and Curtailment Measures:

- (a) Declare Water Shortage Emergency.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 uses of water.
- (e) Prohibit all Class 2 uses of water except Domestic uses for kitchens, bathrooms and laundries.
- (f) Curtail all commercial and industrial entitlements (except Health Care Facilities by 100%)
- (g) Curtail Residential entitlements by the same percentage as the projected shortage.
- (h) Curtail entitlements to all wholesale customers by the same percentage as the projected shortage.
- (i) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$7.00 per 1,000 gallons.

D. Rationing Stage:

1. Criteria: Treated water available is greater than 40% below demand or raw water supplies are below the level necessary to meet essential needs, and in the opinion of Adair County Water District mandatory rationing is required to insure adequate water is available to maintain public health and safety.

2. Conservation and Curtailment Measures:

- (a) Declare Water Shortage Rationing.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all Class 3 and Class 2 uses of water.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

AUG 11 2001

PURSUANT TO 807 KAR 5.011,
SECTION 9 (1)

BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

- (e) Curtail all commercial and industrial entitlement (except Health Care Facilities) by 100%.
- (f) Curtail all residential and wholesale entitlements by the same percentage as the projected shortage.
- (g) Implement service interruptions to portions of system in accordance with approved published schedule. The schedule shall be provided to all local media.
- (h) Begin billing customer water usage in excess of curtailment entitlement at the normal rate plus an excess usage charge of \$15.00 per 1,000 gallons.

Section 8. Enforcement of Water Restriction. Any person who violates the provisions of this plan, who fails to carry out the duties and responsibilities imposed by this plan, or who impedes or interferes with any action undertaken or ordered pursuant to this plan shall be subject to the following:

- (a) If the utility official charged with implementation and enforcement of this plan learns of any violation of any water use restriction imposed, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.
- (b) The notice will inform the customer of his or her right to appeal by requesting a hearing before the utility's designee. If a hearing is requested by the customer, he or she shall be given full opportunity to be heard before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.
- (c) Any customer whose water service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.
- (d) The excess usage charge billing provisions of this plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this plan.

OF KENTUCKY
EFFECTIVE

AUG 11 2001

PURSUANT TO 807 KAR 5:011,

SECTION 9 (1) (d)

BY: Stephan O. Bell
SECRETARY OF THE COMMISSION

Section 9. Request for Exception.

- (a) Exception to water use restrictions: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Adair County Water District for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the

sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.

- (b) Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

Section 10. Severability. If any provision of this plan is declared invalid by the courts, the remainder of the plan and its applicability to other persons and circumstances shall not be affected by that declaration.

Section 11. Effective Date. This plan shall take effect immediately upon approval by the Public Service Commission.
